A Collaboration to
BREAK THE CYCLE
of HOMELESSNESS

OUR SUPPORTIVE HOUSING CONTINUUM

OUR MISSION

Century Villages at Cabrillo (CVC) is a residential community whose mission is to break the cycle of homelessness and encourage self-sufficiency, dignity, and the highest human potential for residents. This mission is rooted in a comprehensive continuum of supportive housing that has been developed on the campus, ranging from shelter and treatment, to transitional and permanent housing.

OUR HISTORY

A former 26 acre US Naval housing site, CVC utilizes an innovative public-private partnership model to benefit those in need. Established in 1997 when the US Department of Defense conveyed the land under the McKinney Act for the benefit of the homeless, CVC has subsequently developed into a unique therapeutic community that provides housing on any given night to over 1,000 persons. Residents include veteran and non-veteran individuals, families, youth and children. More than simply providing shelter, CVC has co-located a palette of valuable social services to help residents regain their independence within a pioneering supportive housing continuum.

OUR CAMPUS

- » 14 service providers on site
- » 572 affordable homes
- » Over 1,000 residents on any given night
- » Over 2,000 people served per year
- » Over 325,000 SF of housing and support space
- » Leveraged over \$50 million in capital funding

OUR STAKEHOLDERS

CVC is supported by a growing collaboration of organizations, all uniformly focused on combating the scourge of homelessness in our communities. United by a shared belief in the dignity of human life, this collaboration is firmly grounded in its mission to break the cycle of homelessness, one individual at a time. In addition to our growing collaboration of on site service providers, CVC is pleased to count on the following agencies, organizations, foundations, and corporations as important contributors and stakeholders to our community.
